

Role of FoMP in Development of MP

— Objective, Role & Focus —

Objective: FoMP Conclave

Focus is on cultural exchanges and intellectual partnerships above and beyond investment

Seen as a bridge between the policy makers and the civil society living out of Madhya Pradesh but have a passion for the state's progress

Cross learning from the best practices across the world in the fields of education, health, IT and other sectors

Open forum for exchange of ideas to make a #NayaMP

'FoMP Declaration' to be finalized

Role of FoMP

- FoMP as brand ambassadors of Madhya Pradesh, spreading the word about the incredible success story and strengthening the positive image of our state across the world
- A platform to contribute in the fields of education, technology & startups, health, women empowerment, etc.
- FoMP can play a key role by adopting schools, hospitals, anganwadis, villages to name a few
- GoMP is keen to learn from and to utilize the expertise of its diaspora in its growth story
- FoMP conclave will help formalize this process of association & partnership to give an impetus to the collaboration

The Way Forward

—

The Way Forward

The FoMP website - www.friendsofmp.com - to be upgraded into an interactive portal

Inputs of members for the Vision 2022 and Development Goals of MP

Mapping the area of expertise/ sector of FoMP with the concerned departments to ensure seamless partnerships & collaborations

An online support system to be instituted where NRIs can approach with issues, if any

Some Ideas

- FoMP conclave can be aligned with the 'Pravasi Bhartiya Diwas' and could held bi-annual
- A Think Tank (Advisory Council) consisting of distinguished FoMP members and govt. officials for key sectors can be established
- Government departments may hold interactive sessions with FoMP chapters in countries where the diaspora resides
- Friends are encouraged to hold regular sessions, get-togethers in their respective cities

**Success Story
of
GoMP & FoMP Partnership**

GoMP & Dr. Satwani's Partnership

Dr. Prakash Satwani, MD, Columbia
University Medical Center
Pediatric, Hematology & Oncology

- ✓ He specializes in the use of Bone Marrow Transplantation (BMT) to treat children with leukemia, lymphoma, or hemophagocytic lymphohistiocytosis
- ✓ Through his dedicated efforts, Columbia University Medical Centre has signed a MOU with GoMP for treatment of such patients in Indore
- ✓ The necessary infrastructure & set up has been established in MY Hospital in Indore
- ✓ Recently, under his guidance, camps were conducted for treatment of human leukocyte antigen in Indore, Gwalior & Bhopal

Thank You

**You are our BRAND AMBASSADORS
and
we look forward to fruitful deliberations**
